

Products and services that we provide to our clients

i. Life and General Insurance (Commercial & Islamic)

We offer life and general insurance services (Commercial & Islamic) to our clients, ranging from life investment-linked, term and medical insurance products, motor vehicle insurance, travel insurance, fire insurance, contractor all-risk insurance, etc.

ii. Financial Planning Services

We provide financial planning services, hoping to help customers achieve their financial goals by understanding their actual situation and providing appropriate advice and tools. It is also hoped that through financial planning education, customers can improve their financial knowledge and prevent customers from falling into money games or investment traps.

iii. Estate Planning

We also provide estate planning services to ensure that our clients can effectively inherit and manage their wealth. Through the establishment of wills and trusts (under civil law) and Wasiyyah and Hibah (under Shariah law), clients can achieve a reasonable, lawful, and comprehensive transfer of wealth.

iv. Education

Education is the foundation of financial planning. We hope to provide customers with complete and responsible financial education knowledge through regular and irregular methods, combining online and offline and related computer or mobile application software. Raise public awareness of financial literacy.
